FAIR DAY WILL BRING THRONGS

Everything in Readiness to Entertain Thousands of Visitors.

A RAIN OR SHINE EVENT

Street Parade Will Consist of Five Divisions And as Many Bands. Long Line of March.

With everything in readiness for the biggest Farmers' Day ever staged in Gettysburg, members of the various committees who spent many hours in making arrangements for the long list of entertainments, are now concerned most with the brand of weather likely to come. Threatening skies during the first part of the week proved false alarms but only optimists are prophesying sunshine for Thursday. But rain or shine Farmers' Day will be held Thursday.

Not least of the attractions will be the great street parade which has been arranged by the committee composed of Allen B. Plank, Clifford Bream and C. B. Dougherty. Five divisions, a band in each, have organized with a special class of marchers in each. The American Legion will lead the procession followed by College students, lodges, floats and animal competitors.

The following is the list of divisions, their marshalls and aides and the line of march:

The parade will form at Meade School Building, at 1:30 promptly.

First Division will rest on Chambersburg street, headed by Chief Marshal William B. McIlhenny, Hunterstown; aids: Clifford Bream and Harry Carbaugh, Gettysburg, led by Citizens Band of Gettysburg, composed of all Posts of the American Legion of Adams county.

Second Division will rest on north side of Franklin street, Marshal Adam Houtz, Harrisburg; aide, Solomon Allison, Fairfield, College Band, composed of all students of Gettysburg College and Academy.

Third Division resting on south side of Franklin street; Marshal John Butt, Gettysburg, aide, Charles Hershey, McKnightstown, Biglerville Band and composed of Lodges and Degree Teams of the town and county.

Fifth Division resting on Buford street, Marshal John Schultz, Gettysburg, lead by Bendersville Band and composed of all country teams competing for prizes, Gettysburg Fire Company and decorated automobiles.

The Line of March

CONTRADICT RUMOR

Farmers' Day committeemen have been busy contradicting a rumor which gained credence in some sections of the county that a charge of fifty cents would be made to every one entering an exhibit for a prize. It was emphasized strongly that the exhibitor would be under no expense whatsoever.

FLOOD OF FOOD FOR HOSPITAL

Great Truck Loads of Donations Brought to County Institution.

SUPPLY ROOM CROWDED

Only About Half The Gifts Are in Thousand Dollars Worth of Food Received.

The generosity of Adams countians, which stood out prominently during the World War, was again in evidence Tuesday and today when truck load after truck load of food of all kinds were brought from many sections of the county to the Annie M. Warner Hospital. While it is impossible to accurately estimate the money value of the great quantity of provisions in the supply room of the hospital, those who have watched the gifts come in believe that more than a thousand dollars' worth of vegetables, fruit, jellies, canned goods and groceries have been received.

Donations now at the hospital have filled the supply room almost to overflowing and there is much more to come. Trucks from Abbottstown, Fairfield, Arendtsville, Orrtanna, New Oxford, Bendersville and Gettysburg have brought in donations many of which in such large quantities that the hospital will not need an additional outlay for many months.

Biglerville, Littlestown, East Berlin, York Springs and other towns that have collected large amounts of food for the hospital will not bring their gifts to Gettysburg until some time later.

Among the women who aided in the work are Mrs. Danner Buehler, chairman of the collection in Gettysburg, Misses Bess and Myrtle Shriver, Bess Kelly, Ann Diehl, Mrs. Ella Weaver, Mrs. Alice Shriver, Mrs. Morris Ridinger, Mrs. Milton Remmel, Mrs. Morris Strasbaugh, Mrs. C. A. Williams, Mrs. A. B. Plank, Mrs. J. Claire Sowers, Mrs. Calvin Gilbert, Mrs. Howard Hartman, Mrs. William Miller, Mrs. Sarah McCollough, all of town; Mrs. Glen, Miss Martha Moore, of Fairfield, and representatives of other towns that sent in supplies.

While there are supplies of all kinds, gifts of apples, potatoes and other staple articles came in in great abundance. At least fifty bushels of potatoes are in the bin, more than two hundred pounds of sugar, cans of vegetables and fruit by the hundreds, jars and glasses of jelly so numerous no one has yet undertaken to count the array which lines every available shelf three deep. The staple goods was given in the greatest quantity, yet there is some supply of every necessity from potatoes to toothpicks. These gifts will be on exhibition at the hospital Thursday.

"HUMAN FLY" IS READY TO CLIMB

Looks Forward With Pleasure to Scaling First National Bank.

Harry Gardiner, the "Human Fly", who will attempt to climb the First National bank building here Thursday afternoon at 3:30 o'clock and in the evening at 7:30 o'clock, arrived in Gettysburg this morning at 8:57 from Waynesboro where he will perform on Saturday.

Although handicapped by a severe cold Mr. Gardiner stated that he looked toward the coming event with pleasure and hoped to furnish sufficient thrills to delight every one of the thousands of persons expected to witness the event.

Following exhibitions at Gettysburg, Waynesboro, and several other towns, Mr. Gardiner will bring his Pennsylvania tour to a close and will then embark on a journey to France, England, Belgium and Norway, with a prominent motion picture company. While in Europe it is his ambition to climb the famous leaning Tower of Piza and then after returning to this country to scale the Woolworth building in New York City, and the capital in Washington.

"If I succeed in accomplishing these three feats successfully," said the "Human Fly", "I shall feel perfectly content to stay at home with my family and drop entirely from the eyes of the public. Like every game, however, climbing has a tremendous fascination for its followers and it will be a great effort for me to discontinue my efforts along that line."

Maurice Miller, chairman of the Legion advertising committee, has concluded arrangements with Senator C. William Beales, owner of the People's Drug Store, and with David J. Forney, proprietor of the National garage, regarding advertising connected with the "Fly's" climb.

COLORS ON DISPLAY

Legion Colors Bring Forth Favorable Comment.

The American Legion stand of colors, consisting of a large Legion standard and American flag which are on exhibition in a display window of G. W. Weaver and Son, brought forth much favorable comment from the large number of persons who saw them Tuesday evening. The electric lamp which is being chanced off by the local Legion post to secure money to pay for the colors is also on display. The lamp is made of a gas shell as the base and a helmet as the shade. A series of pictures showing "The Human Fly" in action completes the window exhibit.

STATE EXHIBIT HERE

Agriculture Display Will Be Shown at Peckman And Ott Garage.

The State Department of Agriculture exhibit to be displayed here Thursday, has arrived here in charge of J. C. Simmons and Charles N. Green. MRS. JOHN MILLER WILL SPEAK HERE

County Women to Convene in Court House Saturday Afternoon.

IS NATIONALLY KNOWN

Speaker Secured by Local Committee Considered Second Only to Mrs. Carrie Chapman Catt.

With election day less than two weeks distant the Adams county branch of the Pennsylvania League of Women Citizens has secured the services of a nationally known speaker to give their members final information and instruction before entering the poles November 2.

Mrs. John O. Miller, of Pittsburgh, considered second only in reputation as a woman political worker to Mrs. Carrie Chapman Catt, will speak in the Court House Saturday afternoon at 4:00 o'clock. Scores of Adams county women who have registered and paid their assessment tax preliminary to voting next month are expected to attend while a special invitation is also issued to the men of this community.

At the present time Mrs. Miller is president of the Pennsylvania League of Women Citizens. She was formerly chairman of the State Suffrage Association and conducted the women's department of the Liberty Loan campaigns during the World War. She was also a member of the committee appointed by Governor Sproul to revise the state constitution, only two of her sex in the entire state receiving this distinction.

In view of her past activities in the state and nation Mrs. Miller is fully capable of giving splendid information to both men and women voters on national subjects.

Prior to coming to Gettysburg Mrs. Miller will speak in Pottsville and will go from here to Pittsburgh.

Members of the Adams county branch of the league desire to emphasize the fact that the Saturday afternoon meeting is all-partisan and not controlled by either the Republican or Democratic party. Discussion of national subjects, they say, will be conducted on an unbiased basis.

The local organization was formed slightly more than a year ago and broke into prominence during the winter by holding meetings in the High School auditorium which President Judge Donald P. McPherson and other town men addressed. Mrs. Mary E. Peters, Bendersville, is president of the county branch; Mrs. John Keith is vice president and Miss Hattie Krauth, secretary and treasurer.

TIED AND BEATEN BY MASKED MEN

New York State Man Tells Wierd Story to Philadelphia Police.

(By Associated Press)

Philadelphia, Oct. 20—A man giving the name of Peter McMahon, of Yonkers, New York, with his wrists scarred by ropes and his back bearing marks of a whip, left a northbound Pennsylvania railroad train here today and sought the police for medical attention. He says he was seized and whipped Monday night a few miles outside of Trenton, S. C., after he had attempted to assist Miss Florence Powell, of Aiken, S. C., in a settlement involving a division of her father's estate. His underclothing was bloody and beside lash marks his body and neck bore the marks of ropes with which he said his tormentors had attempted to hang him.

Police here are investigating his story of attempted lynching and mistreatment at Aiken. McMahon, who is 55 years old, said he believed his assailants were adopting methods of the Ku Klux Klan. He said he

FORM BOARD OF HEALTH FOR TOWN

New Oxford Elects Officers at Meeting Tuesday Evening.

Dr. C. G. Crist, Chambersburg street, organized the New Oxford board of health Tuesday evening at a meeting held in the Oxford hotel. The result of the meeting was the naming of a board of five members with James B. Weaver, president. George F. Grove, A. P. Wagner, Harmon Miller and H. S. Griffen, members. The board elected H. S. Sheets, secretary and health officer.

For a number of years the quarantine and other health laws of the town have been regulated by representatives of the State Department of Health. Not long ago the citizens decided this work could be done at less expense through a local board of health. A request to the State Department of Health to this effect was forwarded to Dr. Crist with instructions to organize the New Oxford board of health.

At the meeting Tuesday evening Dr. Crist approved the personnel of the board and briefly outlined its purpose and the duties of the members. He explained the various quarantine regulations and the method of procedure to be followed by the health officer. At the conclusion of the session the officers were sworn in.

FIELD ARTILLERY TO BE IN PARADE

Eighty-Third, "Pennsylvania's Own," Accepts Invitation to Join Procession.

TRACTORS PULL BIG GUNS

Motorized Battery En Route From Kentucky to Harrisburg. Came to Gettysburg From Hagerstown.

An unexpected feature was added to the Farmers' Day parade this morning when Captain C. H. Hawkesworth accepted the invitation of C. B. Dougherty, chairman of the parade committee, and John W. Brehm, head of the entertainment committee, to remain in Gettysburg with the Eighty-Third Field Artillery on Thursday and participate in the procession.

The 83d Artillery, "Pennsylvania's Own", comprising four officers, eighty seven men, four French 75 guns, fourteen tractors, two Browning machine guns, besides additional equipment, reached Gettysburg shortly after 10:00 o'clock from Fairfield.

Following their arrival the Gettysburg committeemen interviewed the commanding officer and asked him to stay here instead of following the original plan of going to Harrisburg.

Arrangements were then made by the committee to show the men over the battlefield under the guidance of Harry Rhine and James W. McDonnell.

On August 31 the motorized battery left Camp Knox, Kentucky, for Harrisburg via Hagerstown and Chambersburg and, according to the original schedule, had no intention of visiting Gettysburg. Recently, however, they decided to go to the Pennsylvania capital by way of Gettysburg.

Unable to reach here Tuesday night, the men camped along the road near Fairfield and then during the morning continued their journey to Pardee field near Spangler's Spring.

Herbert Davis, one of the cooks of the outfit who was pinned beneath a tractor near Hagerstown, is reported to be recovering slowly in the Washington County Hospital.

War Relics Arrive

A whippet tank which saw service in France during the World War arrived here during the morning from Hanover and will be on exhibition in front of the court house on Farmers' Day. Lieutenant Ancrum, of the Harrisburg recruiting station, is in charge of the party.

In company with the tank is a collection of war relics collected on the battlefields of France.

HUNTERS WILL ATTEND

Adams County Sportsmen Going to Chambersburg Meeting.

Adams county will be well represented in the Franklin county court house at Chambersburg, Friday night, when hunters from the South Mountain district will convene to hear the address by Seth Gordon, state game commissioner, in behalf of installing an honor system to prevent the killing of does during the coming season.

F. Mark Bream, A. E. Hutchinson, Harry Thomas, I. L. Taylor, Roy Zinn, Clyde Bream, Earl Deatrich and Paul Martin are among the local sportsmen expected to attend the session.

These hunters who gather at Chambersburg no doubt will be appointed committees of one to do everything in their power to exterminate the killing of does. Over a hundred female deer were estimated to have been killed on South Mountain last winter.

SEVEN KILLED IN WRECK AT ERIE

OPEN SWITCH THE CAUSE

Head on Collision in Virginia Takes Three Lives. Two Passenger Trains Crash.

(By Associated Press)

Erie, Oct. 20—Seven persons are known to have been killed and at least 15 injured when a Chicago and Boston limited on the New York Central railroad sideswiped the Buffalo-Cleveland train westbound at the westend Union Station here today. Four of the bodies taken from the wreck are those of women. The Chicago and Boston express ran through an open switch not far from the station and sideswiped the train from Buffalo on its way west. The third day coach from the engine overturned and all the casualties are believed to have occurred there. Rescue forces were quickly at work and in a short time six bodies had been taken out.

The dead in some instances were badly mangled. Part of another body, rescue workers said, was in the wreckage but had so far been unable to extricate it. Fifteen of the injured were removed to a hospital, some of them the physicians stated, were so badly hurt that their recovery is problematical. So far as could be learned none of the passengers on the east bound train were hurt.

Head On Collision

COX FIERCELY ATTACKS LODGE

Denounces Him as The Arch Conspirator of The Ages.

TOURS MASSACHUSETTS

Explains Why People Have Not Properly Understood Harding. Candidate Makes Ten Speeches.

Boston, October 20—Scathing attack upon Senator Lodge, of Massachusetts and sarcastic criticism of Senator Harding, Republican presidential nominee, were made Tuesday by Governor Cox, of Ohio, during his New England tour embracing Massachusetts and New Hampshire cities and ending with a large meeting last night on Boston Common.

Here, in the home state of Senator Lodge, as well as to other audiences Tuesday, the Democratic presidential candidate denounced Senator Lodge as "the arch conspirator of the ages" because of his fight against the League of Nations. Reiterating that Mr. Lodge headed "A conspiracy to strangle the treaty to death" through the "round robin" Governor Cox urged his Boston audience to "repudiate" Mr. Lodge's leadership and retire him to private life as soon as possible. To his New Hampshire audience, Governor Cox urged defeat of Senator Moses, Republican, because he signed the "round robin."

Senator Harding was heaped with sarcasm and ridicule by Governor Cox in virtually every address of the day, with the incident between President Wilson and the Senator regarding the latter's statement of French overtures for a new association of nations as the basis.

"The facts justify the conclusion that Senator Harding has stupidly though deliberately, attempted to deceive the people of United States," Governor Cox declared.

Reciting Mr. Harding's explanation of his Des Moines speech "rejecting" the league, Governor Cox added:

"He must think the American people very stupid. He continues to say that they don't understand him."

Expressing belief that a French author and humorist was Senator Harding's source of information regarding French sentiment upon a new association of nations, and commenting upon Senator Harding's letter to President Wilson, Governor Cox said sarcastically:

"Poor Senator Harding has been misunderstood again. It is a pathetic thing that he suffers so much from the dullness of the American people, including newspaper editors and leaders among partisans and opponents."

The League was virtually the exclusive theme Tuesday of Governor Cox, and his Boston Common address last night made a total of ten speeches. He spoke at Springfield, Worcester, Lowell, Lyon and Cambridge, Mass.—the latter at the Harvard Union—and at Nashua, Manchester, Suncook and Concord, N. H. The Governor's denunciation of Senator Lodge was followed by hissing from his Concord and Manchester audiences.

The heights of his attack upon Senator Lodge were reached by the Democratic candidate last night on the Common. Expressing happiness over speaking on "the first forum of America dedicated to free speech and free assemblage," Governor Cox said he desired "to remove clouds and confusion" regarding the League. These, the Governor asserted, were "set up in a partisan plot, instigated and led by the arch conspirator of the ages, Henry Cabot Lodge, of Massachusetts."

A very enjoyable surprise party was held Saturday evening at the home of Mr. and Mrs. Cletus Pittenturf in honor of Mr. Pittenturf's birthday. FUGITIVES LURK IN MOUNTAINS

Sing Sing Convicts Still at Large. Trailed to Hills.

Danbury, Conn., Oct. 20—George Stivers and Marcus Bassett, escaped convicts from Sing Sing prison, are believed by local police to have spent Monday night in a woods five miles north of this city. Warden Lewis E. Lawes, of Sing Sing, arrived here Tuesday afternoon with two automobile loads of prison guards and immediately took up the pursuit of the fugitives. Last night the man hunt was on in the wild sections of Sherman and New Milford, north of here, along the New York State line.

Word reached the local police Tuesday that a large green automobile with two men in it was seen Monday night on an abandoned road north of here. At 9 o'clock Tuesday morning the machine was seen to leave this road and head northward. Local police, in charge of Captain David W. Bradley, went to the scene and found tracks where an automobile had left the highway. In a woods near Neversink Pond, the police found evidences that somebody had spent the night with an automobile close at hand. Deep tracks in the mud indicated that there had been some difficulty in getting the automobile out.

Traced North Into Wild Country

Information was sent to Sing Sing prison and Warden Lawes and a squad of guards arrived here Tuesday afternoon. Police Captain Bradley went out with them, returning early last evening.

"We traced the fugitives through New Fairfield and Brookfield," he said. "As we went northward we encountered no less than a dozen persons who had seen the green car with two men as passengers. Warden Lawes said all descriptions agreed with those of Stivers and Bassett, and of the automobile, with the exception of the registration plate on the machine, which some persons Tuesday afternoon said was a Massachusetts marker."

COX HECKLED BY MANY QUESTIONS

Answers Prohibition And Irish Queries in Rhode Island Speeches.

(By Associated Press)

Providence, Rhode Island, Oct. 20—Probably the liveliest bombardment of questions during his campaign was experienced by Governor Cox here today during an address to several thousand persons in the public square. Holding what he called a "town meeting" the Democratic presidential candidate was plied with questions upon the league and the liquor and the Irish questions.

A woman asked the governor his views regarding maintenance of the Volstead law. He asked whether she had put the same question to Senator Harding and then reiterated that the Senator had voted "thirty two times wet and two times dry" and owned brewery stock.

Declaring again that he opposed any prohibition legislation in conflict with the constitution as interpreted by the Supreme Court of the United States and that he had closed Ohio saloons on Sunday the governor said he had been elected governor three times, adding:

"And the liquor interest never contributed a nickle to my campaign then or now."

His statement that he favored presentation of the Irish question to the league was cheered and when he declared for "self determination" a man asked:

"Does that apply to Ulster?"

"Ulster is a part of Ireland," was the governor's quick response.

Attacking Harding's position upon the Irish question Mr. Cox added:

"During the past two weeks Republican speakers have been urged not to mention his name."

ROOT ARRAIGNS WILSON'S PLAN

Says President's Obstinacy Kept Us Out of The League.

EUROPE WILLING, HE SAYS

Only Wilson Insisted on Article Ten. Makes Strong Plea For The Election of Harding.

New York, October 20—Elihu Root, in his only address on the League of Nations during the presidential campaign last night, declared that the treaty of peace with Germany would have been ratified and America would have been a member of the League if President Wilson "had been willing."

"Mr. Wilson, however, was not willing. He insisted upon the treaty absolutely unchanged," Mr. Root said, adding later on in his speech:

"I do not question Mr. Wilson's beliefs that the disposition of the treaty for which he was contending on May 31, 1919, were just and fair; but, without disrespect, I do question Mr. Wilson's infallibility. I do question the complete control of abstract justice in the processes by which the four men who dictated those treaties, which undertook to make over Eastern Europe, reached their conclusions.

"I have an impression that there was the accommodation of conflicting interests, the giving of something here to get something there; the yielding of some things in order to avoid losing others; the shading of justice by expediency which has characterized such conferences since history began. I have a strong impression that some of their conclusions were mistakes.

The Chief Objection

"And I think it most objectionable that the American people shall enter into a solemn and positive agreement to guarantee and maintain by force of arms for all time the dispositions of territory and sovereignty which these four men made in the year 1919.

"That is a part of what Article 10 undertakes to do. It is an alliance to enforce perpetually through the operations of the league the decisions of Mr. Wilson and his associates in the year 1919. It is a throwback to the old discredited alliances of the past. It speaks a language of power, and not the spirit of progress. It is an attempt to do what the Holy Alliance sought 100 years ago (with just as noble expressions of purpose)—to impose by force the judgment of the rulers of the present generation upon all future generations."

Mr. Root declared that "we shall promote the peace of the world" by electing Senator Harding, Republican candidate for president, whose stand on the league, he said, was unchanged from the time he voted for ratification of the peace treaty and League of Nations with the Senate reservations. The election of Governor Cox, Democratic presidential nominee, he said, meant the effort to have the United States join the League of Nations without change as it was brought back from Europe by President Wilson.

PAYS FINE FOR WHIPPING PUPIL

Keyser Principal Assessed By Justice. Pupil's Father Brought Suit.

Cumberland, Md., October 20—Pedagogy as understood at the Keyser (W. Va.) High School conflicted Tuesday afternoon with pedagogy as interpreted by Magistrate J. G. Compton, and the justice fined Principal A. M. Haught, of the Keyser High School, $10 and costs for beating Malcolm Iser, 15-year-old freshman, at the school.

Professor Haught was arrested Tuesday morning on a warrant sworn out by the boy's father, I. W. Izer, when he was told that his son had been tied with a rope and then beaten with a club by the principal in the school basement Monday morning. The boy asked to be excused from the study period last Friday, he testified yesterday afternoon, and although permission was refused, he disappeared from school. On his return to school Monday morning the alleged assault took place. Professor Haught denied that he had injured the boy, but the magistrate was of the opinion that the principal had violated the law which forbids assault—even on pupils by teachers.

It developed before the hearing that last year Dot E. Iser, a sister of the boy, charged one of the teachers at the local school with having whipped her. Dot Iser also was the central figure in an excited community four years ago when she was bound and gagged by a man who cut off her hair.

RECOUNT DARING OF GEORGE DOCK

Frequent Visitor at Graeffenburg Was Among Leading American Flyers.

The daring exploits of George Dock Jr., nephew of the Misses Dock, at Graeffenburg, who frequently visited them there, was the subject of a special article recently in a Philadelphia paper. The writer said in part:

His citation before the regiment reads:

Pilot full of dash. Spent himself without stint from the beginning of the battle, sweeping the trenches with his machine gun, attacking the drachens and fighting many combats in the course of which he routed the enemy. Often returned with his machine hit by enemy projectiles.

DEUSEIGNEUR

In the summer of 1918 he was in the thick of the terrible fighting that continued to the end. He developed into one of the most skillful Spad pilots of the corps. In the Spad escadrille N. 31, during the fighting on the Marne and in the Argonne, Dock had many thrilling moments. On one occasion, 'tis said, when in the midst of a combat well into the enemy lines, his propeller split. He only reached his own lines by a miraculous combination of luck and skill. The unauthorized account says:

"Few Lafayette men have seen more of the heavy fighting of 1918 than Dock. On March 15, his squadron arrived at Fere-en-Tardenois, and when on the twenty-first the Germans struck in the north, the Spad 31 patrolled the entire front between the aerodrome and St. Quentin, making daily raids into the enemy lines to shoot up troops and convoys. On May 27, Germany launched her last great attack, and as usual Dock's squadron was in the thick of the fighting."

His adventures during those anxious June days on the Marne, "when the air was alive with Pflaz and Fokker scouts manned by an enemy bitterly 'mordant' ", will endure in his memory.

TIED AND BEATEN BY MASKED MEN

(Continued from First Page.)

was seized when he left the train at Trenton and was driven into the country in an automobile. At the point where his mistreatment occurred he said eight men wearing white hoods gathered around and beat him. They threw a rope around his neck and tried to throw the other end over a tree but it would not reach, McMahon said at a hospital today.

"After a severe beating the men told me they had decided to let me go."

"They blindfolded me", McMahon said, "putting a hood over my head exactly like the one they wore, then they led me to an automobile and we drove to a house where I was fed. They called a physician to examine my wounds. Then they drove me to Denmark, S. C.

"They gave me money to buy a ticket to New York after making me promise I would not return. All the way from Denmark to Washington some one came into the car occasionally and after looking at me returned into another coach. This man acted as guard to see that I did not leave the train."

McMahon told police he was a friend of Miss Powell. He said her father lived in Aiken and is president of a bank. Recently, according to McMahon, the father made a division of property among his children. Florence Powell's share was $50,000. I did not believe that sufficient, he said, and she and I went to Aiken last week to see if we could not get a better share for her.

EVERYBODY NOTICE

S. S. W. Hammers, in the fall of sugar and drygoods lost $150.00.

We have now put sugar to 14 cts. per lb. A farmer stopped at our store and swore he could get sugar at Gettysburg for 13 cts. He told us where to go with our sugar, but we did not go. When he returned his five pounds of sugar at 13 cts., rice, coffee and salmon cost him $3.94. The same goods at our store with five pounds of sugar at 14 cts. would have cost him $2.78. He would have saved $1.16 at Hammers'. Had he added the $1.16 to his five pounds of 13 cent sugar it would have cost him 36 cents per pound. Let the people watch these pricecutters. We sell things close.

BABE RUTH SPENT FORTUNE DURING PAST SUMMER SAYS CARL MAYS

New York Pitcher Told Gettysburg Fans That Famous Home Run Hitter Has Spent Nearly $150,000. Favorite Pastime is Smashing And Giving Away Expensive Automobiles.

(By C. William Duncan)

The policy to "make hay while the sun shines" and then to stow the hay safely away in the barn is responsible for the thrifty reputation which Adams county farmers have gained during the past half century. But "Babe" Ruth, the blasting bambino who knocked fifty four home runs during the past American League season, does not believe in the latter part of that slogan. "Babe" has been making hay while the sun shines alright but is strictly adverse to stowing said hay in the barn loft. On the other hand "Babe's" policy is to strew the hay over all parts of the surrounding country.

This conclusion may well be drawn from some comments dropped by Carl Mays, New York Yankee underhand pitcher who killed Ray Chapman, a recent visitor at the Gettysburg garage of "Eddie" Plank. Mays is a teammate of the famous home run hitter and should know what he is talking about.

"To the best of my knowledge," said Mays to a group of Gettysburg baseball fans assembled in the garage office, "Ruth has made about $150,000 this summer. About the only thing he has left is a check for $3,000 and some of the boys of our club have bet him that he won't have enough money next spring to pay his income tax."

Some of "Babe's" extravagances, according to authentic information, includes taking the entire band of the St. Mary's school on a western trip, smashing brand new automobiles and then giving them away to garage owners, losing a diamond ring, and other similar performances.

Many notable figures in the sporting world—John L. Sullivan, Terry McGovern, Jack Johnson, "Rube" Waddell, and many others—have thrown away fortunes. If Ruth continues to follow his present policy he too will undoubtedly be classed with the "down and outers" when his usefulness in baseball has come to a close.

Fill Your Blood With Iron If You Want To Be Strong

WITH PLENTY OF ENERGY AND POWER

Says Physician—Explains How Organic Iron Like Nuxated Iron Often Increases the Strength of Weak, Nervous, Run-down People In Two Weeks' Time.

You cannot expect to forge ahead in life with plenty of energy and power if your blood is thin and watery any more than you can hope to run an automobile on water instead of gasoline. It takes pure, red blood—rich in iron—to keep the human machine working right. Without iron your every action lacks power, your red blood corpuscles die by millions, the strength goes from your body and you drop among the weaklings and failures.

"But when such men and women supply the right kind of iron to their blood, a most surprising change often takes place," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "The weak, colorless blood which has been moving sluggishly in the veins becomes rich and red and courses through the body, building healthy tissue, giving renewed force and increased strength. Without this rich, red blood with plenty of iron in it, there can be no physical perfection or force to carry on one's work. Yet to take the wrong kind of iron may prove worse than useless just as the wrong sort of food will often fail to give the proper nourishment. Organic iron—Nuxated Iron—by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the muscles and helps instill the whole system with fresh vigor and endurance whether the person be young or old. I strongly advise every man or woman who is fagged out by worry, work and other strains to build up strength, and health by taking organic iron—Nuxated Iron—for I consider it one of the foremost blood and body-builders, the best to which I have ever had recourse."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital says: "I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles. To supply this iron deficiency and to help build strong, healthier men and women, better able physically to meet the problems of everyday life, I believe physicians should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day for two weeks, then test your strength again and see how much you have gained.

MANUFACTURERS' NOTE: Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows: N N and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

And left me so sad and lonely.

Before accepting the agency for the ELCAR, I made a visit to the factory last week and found a plant covering an entire city block, a four story building with a floor space of 300,000 square feet. Managed by men whose heads have grown gray in the carriage and motor car industry, with a strong force of younger engineers and mechanics, all pulling together with but one end in view; that is, to turn out the best car for the least money.

Hence this fine TAILOR MADE CAR.

Thomas Meighan, who will be remembered for his delightful portrayal in "The Miracle Man," Gloria Swanson, who was leading woman opposite Mr. Meighan in "Male and Female" has the leading feminine role, while Bebe Daniels is the other woman. The cast throughout is excellent while the costuming is exceptionally rich. The picture proved a delight to the large audiences that witnessed the presentation.

DO YOU KNOW WHAT IS THE MATTER?

When You Feel Out of Sorts and See Things with a Dull Eye

LOOK TO YOUR BLOOD

Pale Complexions, Languid Feelings, Lower Vitality, Need More Red Blood. Take Pepto-Mangan.

So many people spend week after week feeling down and out. They never stop to think that something really is the matter. They satisfy themselves by saying, "Oh I'm not sick. I'll be all right tomorrow."

And tomorrow comes again and again. Still they feel depressed and languid, scarcely able to get around.

If you don't feel like yourself, you are not yourself. If you are weak and pale, your blood needs strengthening. You should know about Pepto-Mangan that famous blood tonic. Physicians recommend it and prescribe it because it contains just the ingredients needed to make red blood. It renews your energy, puts you where you ought to be. Begin with it today. Get the tablets if they will be more convenient to take than the liquid. Both have the same medicinal properties. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. Advertisement.

ONCE REFUSED, 'FLU VICTIM FINDS WAY TO GET INSURANCE

Baltimore Man Tells How He Regained Health After Sanitorium Failed

"Last winter I had an attact of the flu, and it left me in such a weakened, rundown condition that I could not attend to my business duties," writes H. L. Jones, well-known citizen of Baltimore, Md. "I was compelled to enter a sanitorium. After I left that institution, I was so far from well that by 12 o'clock in the day, I was completely unfit for business. Mantone Tablets were brought to my attention and soon after I had commenced the Mantone treatment, I felt a great benefit from them. As the summer came along I was able to work from seven in the morning until frequently eleven at night, without fatigue.

"I had $5000 life insurance for my family and wanted $5000 more but my condition was such that I could not obtain it. Recently I was granted the additional insurance.

"It gives me pleasure to give this testimonial in behalf of the up-building powers of Mantone Tablets."

Mantone, the King of Reconstructive Tonics, should be taken by every convalescent as well as nervous, half-sick rundown men and women to create rich red blood, strong nerves, more energy and strength and to restore color to the cheeks and lustre to the eyes. Sold by all leading druggists.

Clothes Quality is the Style

Ordinarily when you speak of style, you think of the details of designing, the way the suit is cut, the way the pockets are placed, the sleeves and collar shape, and all that.

But style ought to be more than that, or it won't last. That's why we have been so particular to select SUITS and OVERCOATS that measured up to the most exacting standards of tailoring and durability. In that way you get more than style you get style that endures; you get economy.
